SURNAME INDEX OF THE ALBUQUERQUE, NEW MEXICO, DAILY CITIZEN – 1889

INTRODUCTION:

The format for this index was developed to cover the major news items appearing in the Daily Citizen newspaper – births, deaths, marriages, interesting items – and mainly to find ancestors who were thought to be in the area. This is an index of the names appearing in the article, and covers only those persons of either New Mexican origin or who participated or appeared in New Mexico. In other words, news articles covering an event occurring outside New Mexico, but involving a New Mexican, are reported here; persons from some other state but participating in an event in New Mexico, also are included. The compiler attempted to include any reference that could possibly lead to finding members of a family or places of birth. A relative visiting from some other state would be included in this index.

There are many newspapers in the state, and they shared news events. Many events and persons from around the state are included in the Albuquerque newspaper. Hotel arrivals in the major Albuquerque hotels were reported almost daily; therefore, an individual's name may appear many times throughout the year, but only a line stating that they were in town. The compiler did not include every report such as this, or the work would have become unmanageable. Many mentions of prominent persons and politicians who were in the news quite often would have made this publication immense, and are not included unless the event could lead to other genealogical research.

FORMAT:

The index begins with the first mention of a person. Subsequent appearances are not indexed unless it changes the original information in some way. For example, _____ HENRY would be noted for date and page first appearing. Later, an article might add that it was HOWARD HENRY, who resided in Albuquerque and was a court stenographer. That item is referenced. Later, if HOWARD W. HENRY, a court stenographer from Albuquerque, visited his parents in Dodge City, Kansas, that item is also referenced. A short sentence stating that "Mr. Henry, the court stenographer, went to Santa Fe today" is not indexed for there were many of this kind of item. If there wasn't much happening, the compiler indexed other dates that show some tidbit of information about the person.

In an effort to aid identification, the compiler has included the apparent residence of the party and the indicated occupation. Users are cautioned to check the source data and make these determinations for themselves, as there may be some unintended error in interpretation.

The microfilm containing this newspaper is on file at the Special Collections Branch of the Albuquerque Public Library, 423 Central Avenue NE, Albuquerque, New Mexico 87102 (Phone 505-848-1376).

Many of the towns had long names and space was limited in printout for that word. I have taken the liberty of abbreviating some town or village names, and a list of these appear in this preface.

CAVEAT:

Almost all papers were improperly microfilmed. Often a day might be incomplete and then the complete issue would appear intermixed with a later date. If a name is indexed on a particular and the microfilmed page is virtually blank, browse to the next few frames and that page may be copied again and there it is readable. Check a few frames before and after to make sure the pages are in order and the issue is complete.

The notation (^) means there are two issues dated "Monday, May 20". The first is followed by pages 2, 3, and 4, and dated "May 21". This is followed by issue of "Monday, May 20" with the pages 2, 3, and 4 following that being dated "May 20". Researchers are warned to watch for proper pages. Compiler was not sure exactly which pages were connected to which date, and so this designation — (^) — was used to denote this confused area.

FURTHER AIDS TO RESEARCH:

PRECINCTS: A listing is included of the various precincts in existence and their location by town.

AREA NEWSPAPERS: Many items were "lifted" from other newspapers in the area and a byline is given for that newspaper. A listing is enclosed of the city in which that newspaper was published.

MAP: In an effort to help locate the many small towns, now ghost towns, listed as homes of our ancestors, I have prepared a map showing the approximate location of many of the towns in New Mexico in 1889. I hope you find it useful.
